Welcome to Frederikshavn:

Frederikshavn is very special. It is tucked away between green hills, white sandy beaches and the blue sea. There are some things that simply must be seen when visiting the town.

- **The centre** with its Art Museum, Frederikshavn Church, the Krudttårn and Fiskerlynggen.
- **The Bangsbo area**, complete with cultural history and located in surroundings of natural beauty.
- **Palm Beach** or one of the other sunbleached sandy beaches in the area.
- **The Tordenskiold Festival**, the last weekend in June, or one of the many concerts and sports fixtures during the year. All of these things to see and do can be experienced by bike – try one of the free town bikes – or on a car trip. Children will love the wonderful Funhouse, the two aqua-parks, an angling trip in streams or from the beaches or breakwaters, a visit to the children’s bunker at Bangsbo Fort or a trip to one of the exciting playgrounds

DO & SEE

Visit Palm Beach Frederikshavn - the town's playground

A day on Palm Beach stays fixed in your memory. Sun, sand, the sea and the palms invite visitors to laze on a sun bed for a modest charge of 20 kroner. And there are beach volleyball and beach handball courts for those who just can't sit still. If it's too hot there is also a volleyball court in the sea and there are always the famous giant ice cream cones from the ice cream booth.

There are also the attractive North Jutland beaches north of Palm Beach such as Strandby, Bratten and Jerup.

Active holidays

Play a round of golf at the beautiful 18-hole golf course or try your luck with a fishing rod in streams, from the coast or a pier. The North Sea. Trail runs along the coast and the Green Tour is a 60 km cycling and walking route with shelters and bird towers. Take a walk/ hike along footpaths in the beautiful Åsted Ådal or make use of one of the three keep-fit pathways and the open-air fitness facility. If the weather takes a turn for the worse there are two aqua-parks and two bowling alleys as well as a playland for children. Smaller groups can fight it out at Paintball and there are also good opportunities for horse riding.

Bangsbo - the town's soul

The Bangsbo area is good for body and soul. An aesthetic experience that combines history and delightful surroundings.

Bangsbo Manor House (museum) lies behind its moat like a pearl located between the Botanical Gardens and the Deer Park. A forest path leads from Møllehuset up to Pikkerbakken from where Frederikshavn lies at your feet. Only a few metres from here begins Dronningestien to Niels Juel's canons and Bangsbo Fort. The view from here is no less spectacular and the 80 bunkers emanate the history of World War II and the Atlantic Wall. A visit to Cloostårnet, 160 metres above sea level, offers an unimpeded, 360 degree view and should be combined with a peaceful drive through Vandværksskoven with its idyllic forest lake.
